1 Answers for questions

1.1 Which tools did you use? Try? Why?

For working on the assignment, we tried some sketch tools which are:

- Pen and paper
- Sketchlets
- Balsamiq Mockups

And we used Balsamiq Mockups for sketching. The reasons we chose it are:

- It is one of the state-of-the-art tools for GUI sketching.
- It is stable and does not have a steep learning curve, so we can get started faster and can focus more on actual sketching.
- It is a cross-platform application (Windows, Mac OS, Linux), so each member in the group can use the same application to sketch.

1.2 How much time you spend?

- It took us 30 minutes to learn how to interact with the application, figure out where are the tools, controls, etc.
- It took us 40 minutes to finish the first sketch. (Including brainstorming about ideas)
- It took us around 20-25 minutes for the following sketches.

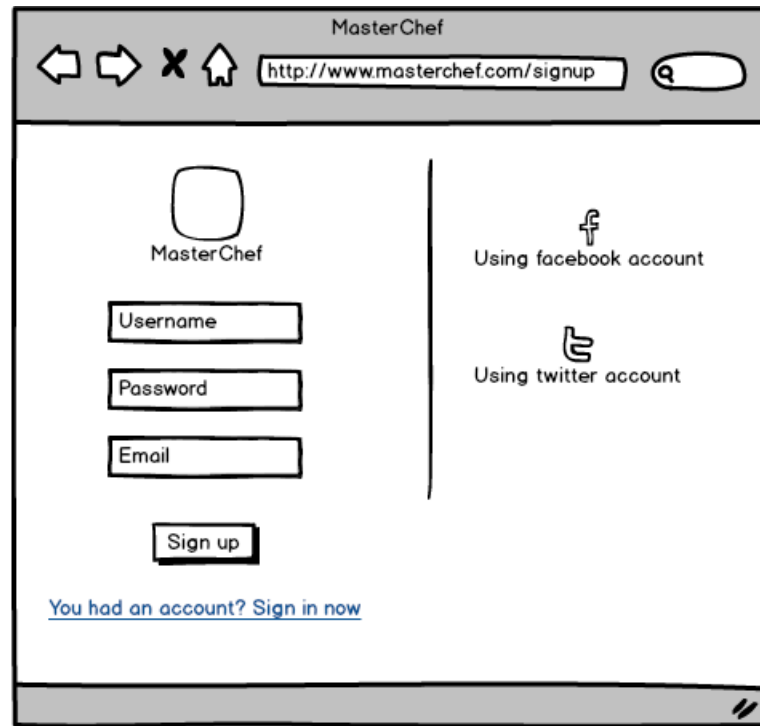

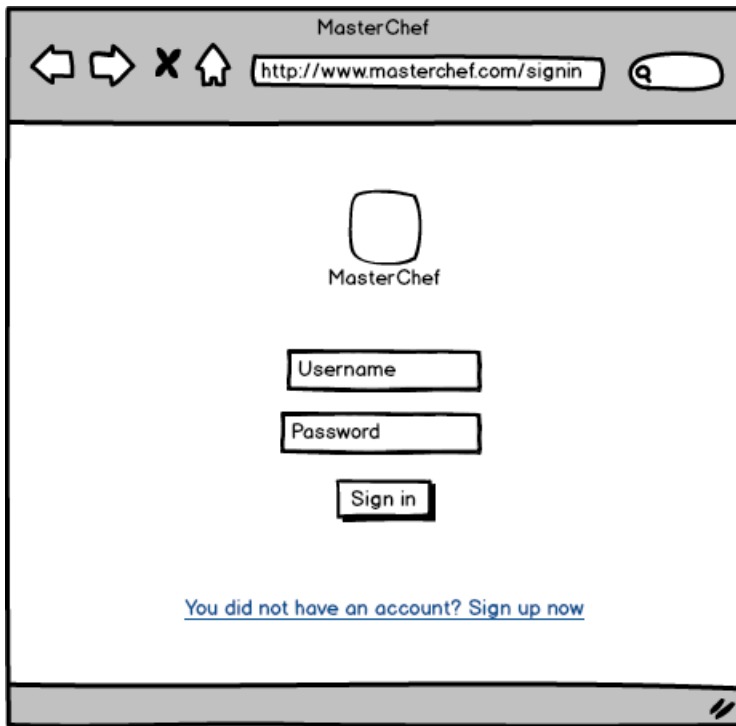

2 Sketches

2.1 Sketching basic ideas

Web Int Sketch

How do you feel today?

On diet

Hungry like a lion

So so

Don't know

Use my face from my WC

Type of meal you want

☒ Breakfast

☐ Lunch

☐ Dinner

Food restrictions

☐ On diet

☐ Vegetarian

Are you willing to go out and buy missing ingredients? ☒ Yes ☐ No

How many people are hungry like a lion?
